The popularity of tea just keeps growing and growing and growing! We're pleased to offer 21 beautifully boxed gourmet teas. Our teas are different... these are top of the market seasonal teas from the world's top suppliers. Our teabags don't hide low quality tea and are blended for flavor... not cup color. We use premium, ethically produced tea. In many cases, this tea is better than some of the loose teas already on the market. Our tea is packaged in foil bags to ensure freshness. Each wooden box contains 25 x 1-cup teabags.
